DOUBLE COUPONS **FRANK'S PIGGLY WIGGLY**

Friday, November 29th 2013
8am till 8pm

- **During Double Coupon events**, we will double manufacture coupons up to \$1.00 in value. This means \$1.00 coupon would be doubled to \$2.00. Coupons over a \$1.00 in value will not be doubled.
- The Maximum value of a coupon will not exceed the item price. This means that if doubling the coupon is more than the item sells for – you may get that item Free, but would not get money in addition to the Free item.
- **We will NOT double the value of any coupons in our weekly ad.**
- There is no minimum Purchase Requirement.
- Customers may use only one coupon per item and only two like items per day. This means that if 3 bottles of Tide are purchased only two coupons can be doubled.
- Coupons that read **“Do Not Double”**, will not be doubled, these include but are not limited to Catalina coupons, weekly store ad coupons. Weekly store ad coupons will not be doubled.
- **Coupons for Tobacco and alcohol will not be doubled.**
- We will offer at least one lane of NO COUPONS, so as not to interrupt our other customers. That lane will be clearly marked.
- We will not double Internet Coupons, but they will be accepted with our regular internet coupon policy.
